

Around the Square

Everyone will be pleased to hear that Thomas W. Neale who has been confined at home by illness, is much improved. He is able to be up and around the house and hopes to return to the office in the not distant future.

FIRE FLAMES most humbly apologize for using the name "McLaughlin" instead of "Seymour" when it reported the receiving of a piano for the fire department. The beautiful piano was cheerfully given to the firemen by Margaret Seymour of 49 South Baldwin Avenue and where the writer ever got the name McLaughlin mixed with Seymour is beyond any explanation. Our sincerest apologies to Margaret Seymour.

All in favor, say Aye! The perfect husband, Councilman Henry Nuetzel, is a Transcontinental Western Airways Pilot on flight to Albuquerque, N. M., and had a two-week's vacation due. He didn't take the vacation, I. E., as vacations are supposed to be taken, but gave his wife the vacation. He sent her on a glorious trip to New York City, and Washington, D. C., and he stayed at home and cared for their four young children. O. Yes, He washed the dishes and everything and in his spare time put in a new lawn, and sprinkling system for the surprise of Mrs. Nuetzel who arrived home last Friday.

In this issue of the NEWS appears a notice that Mr. and Mrs. Fred C. Goebel and William C. Goebel intend to sell the Malt Shop November 1, to Mr. and Mrs. Robert B. Powers of 3612 Flower St., Huntington Park. The Goebels have made many friends for the shop and themselves who will miss the Goebel smiles.

Bad check artists are abroad. A young man purchased \$12 worth of merchandise at the Marjorie Jones Shop and tendered a \$27 check. There is no account in the name signed to the check and the endorser, who presented it, is also unknown. Goodbye \$27.

Officials At Kiwanis Dist. Convention

Pres. and Mrs. Robert H. Green, president-elect Samuel McElfresh with Director Charles and Mrs. Klunk of the Sierra Madre Kiwanis Club, attended the California-Nevada District Convention of Kiwanis last week in San Diego. Also attending from Sierra Madre was president-elect Ivan E. and Mrs. Hart, 126 Lowell of the Alhambra Kiwanis Club. The next convention has been scheduled for Reno, Nevada, which will be the first time the district has met outside of the state.

\$71,055,584 Race Revenue State Report

Los Angeles Turf Club, Inc., getting ready to open Santa Anita Park on December 27 for its 11th and biggest 50-day season, has just received official State reports on California's racing revenue.

The Division of Fairs and Expositions of the California State Department of Finance makes figures available from July 1, 1933, when the sport was legalized, to June 30, 1947, the end of the last fiscal year. A grand total of \$71,055,584.82, including \$13,459,143.87 for the General Fund, has been realized in State racing revenue.

Distributed has been \$17,641,637.96 to the University of California at Davis and the California Polytechnic College at San Luis Obispo with its San Dimas citrus branch. Around \$28,000,000 has been allocated to State, County and District agricultural and citrus fairs for cash awards to exhibitors. Another \$11,000,000 has been used for permanent improvement to the fair grounds. There have been other distributions for State relief, employ-

Sierra Madre Not Decided on Three City Phone Plan

The city of Sierra Madre, according to Mayor Milton Steinberger, has not made a decision as to joining Monrovia and San Fernando in retaining a consultant to represent the cities at the hearing, Thursday, October 30, conducted by the State Utilities Commission requested by the Company to explain the reason for need of increased telephone rates.

City Attorney Thomas A. Reynolds received a communication last Friday from the Monrovia Council requesting Sierra Madre Council to unite in employment of a representative. Inasmuch as there will not be a council meeting before the matter is settled the decision will be made some time this week in the City Hall.

Fred H. MacGougan, General Manager of the Telephone Division states that copies of the application for the hearing, schedules of the proposed rates and exhibits relating to the financial condition of the company were furnished all cities affected in advance of the hearing. Because of a decline in earnings, due to the increased cost of operation and construction, the company has found it necessary to request the Commission to authorize an immediate increase in rates on an emergency basis. The rates now in effect were established in general in 1919, nearly thirty years ago, and are inadequate for present day financial requirements.

School Boy To Judge of High Court

The recent appointment of Kenneth C. Newell, Pasadena Police Judge for many years, to Judge of the Superior Court, Los Angeles, making him the new-

KENNETH C. NEWELL

est Jurist in the world's largest court created a great deal of interest among early Sierra Madreans. Former classmates recalled the days when the Judge was a pupil at the Sierra Madre District school, a three-room building standing on the site of Kersting Court, which catered to the educational needs of Sierra Madre Villa, Hastings Ranch and Lucky Baldwin's ranch.

Judge Newell was the son of Constable Harley Newell, foreman of the Hastings Ranch. It was in the days before the street car so that pupils had to resort to ponies, bicycles, burros or walking; the children from Baldwin's ranch usually walked to school but Judge Newell and his little sister, Mabel, chose as their means of transportation a gaily painted Mexican cart drawn by a sleek little burro. When school was over the Judge drove his little cart up the hill to the J. G. Blumer residence to take his violin lesson from Dithie Blumer Bowen. While awaiting his lesson, he would unfailingly regale himself with a plateful of bread, butter and brown sugar, prepared by the kindly Hilda Blumer, mother of Mrs. Frances Dane.

New Phone Directories November 1st

SIERRA MADRE IN
L. A. METROPOLITAN
AREA, NORTHWESTERN

New telephone directory listings for Monrovia and Sierra Madre, which will be included in the new comprehensive directory for the Northwestern section of the Los Angeles Metropolitan Area, will become effective on November first. This new directory will also include the following other communities: La Canada, Altadena, Azusa, Arcadia, Pasadena, South Pasadena, San Marino, San Gabriel, Alhambra, Monterey Park, Baldwin Park, Glendora, El Monte, Garvey, Montebello, Puente, Whittier and Covina.

Telephone subscribers in all of these communities will be listed in the Northeastern Directory in one alphabetical list. The classified, or yellow, section, such as carried by the present directories, will be included according to community; that is, directories delivered to Monrovia subscribers will carry the Monrovia classified section; directories delivered to Sierra Madre subscribers will carry the Sierra Madre classified section, and so on. The local identity of the new consolidated directories will be maintained by the use of cover titles and introductory pages comparable to those now being used in the present directories.

Lions Plan Child Health Program

Happy-Healthy is the theme for Lions Club this week. Carl Peterson, vice-president will be in charge of the dinner meeting this evening. Lions International celebrates its 30th Anniversary and beginning of another year of Unselfish Service. The local Lions will concern themselves with the National program to "Keep the Children of Your Community Healthy-Happy."

This being the national observance of Child Health Week Dr. Frank Anderson chairman of the observance will announce the events as planned for the coming week.

The Child Health Week will officially open Sunday afternoon when the "Quiz Kids" broadcast over the NBC Network heard from KFI at 1:00 P. M.

HOSPITAL DRIVE HELD UP BY LACK OF PROPER SITE

The board of the Santa Anita Hospital Association announces the postponement of the Fund Raising Drive for 90 days. President Leo Meeker feels it is advisable to take more time in selecting a hospital site. To date no suitable location has been found. The Building and Site Committee is open to suggestions and will welcome a recommendation from you.

If you know of a desirable place for the proposed area hospital get in touch with local members of the board, R. C. Lewis at the bank or Harry Lange.

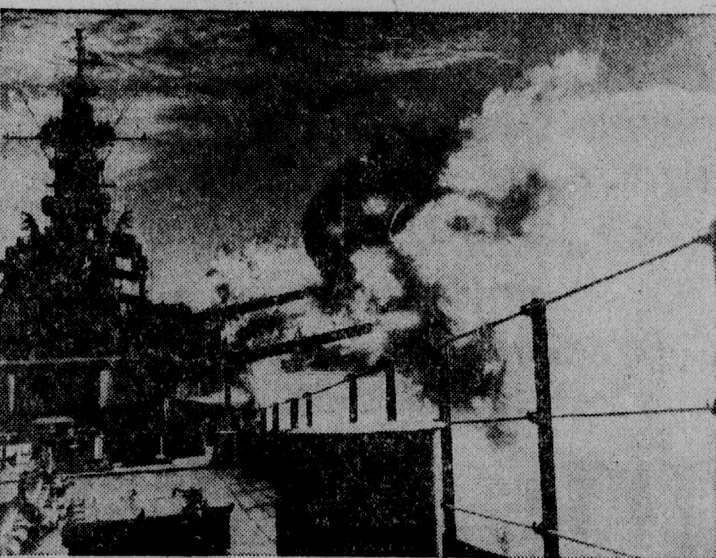

PRE LECTURE LUNCHEON

Several Sierra Madre members of Pro America enjoyed luncheon at the Coral Room at Bullocks yesterday before hearing the first of three lectures on propaganda. Mrs. Benjamin Parks spoke at the John Caulfield home on South El Molino Pasadena. The group included Mesdames Noren Eaton, Ralph Jones, Jay Schmidt, Baster Jovenat, Boyd Keith, and Edward Winterer.

MASONS GIVING HALLOWEEN DINNER

To date Don Jackson says he has only eight tickets left for the Masonic Halloween dinner to be given at the Temple Saturday evening, November 1st. This will be a turkey dinner where everyone is expected to wear jeans and gingham and live with the spooks and witches.

SUMAN-PERLOF-ESTES
CHRISTMAS STREET
DECORATING COM.

An enthusiastic Chamber of Commerce meeting was held Monday night and \$100 was voted to start the 1948 Float Fund.

A lively discussion brought out the pros and cons of Christmas decorating on the streets of the city. It seemed to be the consensus of opinions and favored by the majority that the center of town around the P. E. Station should be made festive for the season. Sam Perloff, A. L. Suman and Bill Estes were appointed to investigate, devise and suggest possibilities and report back to the Chamber.

Aerial Ready For Police Broadcasting

The red and white tower you see atop the City Hall is the aerial for the new police broadcasting system which is being installed. The tower is 45 feet high with a 12-foot antenna, making a total height from ground of 77 feet.

The tower is very slender, only 12 1/2 inches across the base and tapering to a point. Guy wires will keep it in place. (We hope). This is the first installation for a three-way police radio, station to car, car to station and car to car. It will do away with calling Pasadena to broadcast to local police and will save much time in emergency. The radio transmitter and two mobile units for the cars are on order and when received will be ready to go.

SIERRA MADRE'S OWN FLOWER SHOW NOVEMBER 7th

The Sierra Madre Flower Show is approaching. November 7th will see Pritchard Hall filled with the fruits of local gardens. Accompanying the floral exhibit will be a tea with Miss Marjorie Adams in charge. The exhibition time will be continued this year until 9:00 P. M.

MOTHER AND FAMILY TO MAKE PLANE TRIP TO DENMARK SOON

Mrs. Lawrence Romer with her three-year-old daughter, Laurel, and year-old son, Gary have plane reservations for Copenhagen, Denmark. They expect to make the trip before the month is over, joining Mr. Romer who returned to his native land in August. Mr. Romer is going into business with his family there and reports living conditions very satisfactory.

MRS. DOYLAND GIVES RESIGNATION AS WOMAN'S CLUB PRES.

The resignation of Mrs. Russell Doyland as President of the Sierra Madre Woman's Club was tendered to the Board of Directors last Friday. Owing to the absence of the vice-president, Mrs. Edward Wilcox, who is in New York, no action will be taken until her return when it is understood an open meeting will decide a successor.

OES SOCIAL CLUB TO ELECT OFFICERS

The next meeting of the Eastern Star Social Club will be at the home of Marie Platte, 319 Camillo, October 27th. This will be an election of officers for the new year.

Blood Bank Meets Great Response

STAFF OF 40 SIERRA MADREANS SERVE
NEW AND REPEATING DONORS HERE THURS.

The American Red Cross Blood Bank Unit from Los Angeles headquarters could scarcely say enough in praise of the Sierra Madre response last Thursday when 133 pints of blood were donated from this city. The Mobile Unit was here from three until seven o'clock at the Woman's Clubhouse and the street was filled with parked cars for two blocks on either side during that time.

"Sea Nymph" Launching Tomorrow

GIRL SCOUT TROOP
MARINERS MAKE
ANNOUNCEMENT

Invitations have been issued for the latest Girl Scout Group organized, the Mariners, for the launching of their ship, The Sea Nymph, at the Youth Hut tomorrow evening. The 20 high school girls and their Skipper, Mrs. Morse, have been preparing for the launching since mid-summer. The Mariners is a division of Girl Scouts but for girls specially interested in nautical pursuits.

As a postlude to the launching of the Sierra Madre ship R. C. Lewis has invited the crew of the Sea Nymph to be his guests at Newport Harbor aboard his ship "Toyon" for Saturday and Sunday. The crew will go in two groups, one for Saturday and one for Sunday.

The Sierra Madre Ship is very fortunate in having Mrs. Morse as skipper. She was a US Navy WAVE for three years in the recreation division, a graduate of Pomona College and taught art in the Compton Schools.

Mrs. Barbara Termatt and Mrs. Frances Berriman will be installed as mates of the Sea Nymph.

Red Cross Starts First Aid Class

Beginning November 3rd, a class in Standard First Aid will be held at the Congregational Church under the direction of Rosalie Goodwin. The classes will meet Monday evenings from 7:30 P. M. to 10:30, and will continue until the 20-hour course is completed.

Anyone interested in joining may enroll by calling the Red Cross, Custer 5-6183 or Mrs. Ralph Jones, Custer 5-3329.

SALMON FISHING IN KLAMATH RIVER AREA

Lloyd Welch, Sidney S. Hamill, Joe Maple and Eddie Burgess left Saturday for a week's salmon fishing and duck hunting in the Klamath River country in northern California.

Annual Party Given by PTA; Masquerade and Hallowe'en

FATHERS TO DON SERVERS' GARB

A gala Hallowe'en celebration is being planned by the PTA for Friday, October 31st, when the school auditorium cafeteria and lower playgrounds will be the scene of a veritable carnival.

Masquerade will be the order of the day, with the fun starting at 4:30 and continuing through the evening. The costume parade is scheduled for 7 o'clock, and everyone coming in costume will receive a favor.

Games, fortune telling, and attractions of all kinds to suit all ages and tastes is being planned, with some of the classrooms in charge of the concessions. Two showings of movies will be held, and at 8:00, Val Seewald, comedy magician, will astound his audience with his tricks of magic. Fathers in cap and apron will preside in the kitchen and serve dinner from 5:30 on. Part of the menu is to be contributed by the mothers in order to make possible the very low price to be charged. Anyone not yet contacted who would like to donate baked beans or green salad, is asked to call Mrs. L. C. Danver who is in charge of the food, or any of the room mothers. Fathers who will serve dinner are: Hans Gutherz, Carl Smith, Norman Nelson, R. K. Thayer, E. W. Carver, Kenneth Carlson, L. C. Danver, Earl C. Morris and Carl Hansen.

Assistant chairman, Mrs. May Wright, reports that 232 people registered to donate. Of that number 30 failed to notify her that they would be unable to report and 24 people called in, asking to be released on account of colds, accidents and illnesses. Forty-five persons were rejected by the medical staff, leaving 133 donors.

One of the most interesting observations may be drawn from the latter group. The rejection of 45 people willing to give blood was rather a surprise to most of them. They naturally were unaware of physical deficiency, otherwise they would not have offered. In fact every person who reported came out with a partial medical check-up, which in many cases might be of inestimable value.

The medical staff reports that the Blood Bank Unit is discovering a slight anemic condition throughout Southern California which they attribute to lack of proper diet, possibly the result of the higher cost of the protein and citrus foods.

Dr. John Woehler, chairman, is most gratified over the outcome of the day. "I had a wonderful staff," said Dr. Woehler. "And you can always depend on these Sierra Madre folks to do their part."

HOW THEY DID THEIR PART
The clubhouse was donated by the Woman's Club and Percy Kortkamp saw to it that the place was put in order after the confusion was over. The Sierra Madre Lamanda Packing Co. gave the oranges for the juice, the Watson Dairy of Sierra Madre Blvd., gave cream for the coffee and Mrs. John Woehler, canteen chairman, and Mrs. Victor Woehler, provided Chop Suey and chocolate cake for all, (staff and patients), which was said to be "Out of this world". Joe Swanson and his staff were responsible for transporting all materials to the clubhouse. One donor, Bruce McGill, drove down from Lancaster to give his 12th pint of blood to Red Cross.

The local staff besides those mentioned above were: Registered nurses: Mrs. Esther Mitchell, Mrs. Helen Mason. Nurse's aides: Mrs. Sally Clark, Mrs. Ellen Ellis, Mrs. Rosalie Goodwin and Mrs. Louise Wurgler.

Motor corps: Mrs. Grace Lewis, and Mrs. Mattie Spencer. General staff: Florence Peterson, Evelyn Woodworth, Catherine Dowling, Lucille Eaton, June Lunsford, Beatrice Strife, Alice Jones, Erva Miller, Madeline Ward, Beatrice Pratt, Helen Hutton, Betty Conzelman, Milo Murray, Betty Carver, Molly Weber, Leila Embree, Agnes Stringfellow, Iva Livezey, Gertrude Clougherty, Gayle Moore, Anna Schultz, Betty Summers, Ethel Silk, Florence Lyon, Bess Steinberger, Harold Spears, Peter Kreuscher.

TALKS about ROBERTS MARKET and things

God and the doctor we alike adore
But only when in danger not before;
The danger o'er, both are alike required.
God is forgotten, and the doctor slighted.

(I am told that doctors often have trouble collecting their bills. Perhaps the foregoing verse might help them collect their past due accounts. What do YOU think, doctor?)

CLEANLINESS IS NEXT TO GODLINESS! A good, old trite phrase, but in our book it is more right than trite! I have hopped through many a market in Southern California, but there are mighty few—large or small—where you can feel welcome to inspect the work room, the stock room or the meat shop. Here we are proud to invite you to step into any part of our building. Upstairs or down and all around, this is a store which the Health Department always compliments!

PARTICULARLY DO WE INVITE YOU to inspect our meat counter and our meat department back room. "Clean as a pin" is more than words with us. CLARE will be glad to show you around.

I HEAR A LOT OF TALK ABOUT PRICES! Which is as it should be, the dollar being somewhat hammered out of shape at the moment! There is little of such fuss in my vegetable department or in our meat department. You seem convinced that here and there you are receiving full value—quality considered—for your hard-earned buck!

NOW THIS IS BACKWARD ADVERTISING, but it seems that the grocery department is sometimes regarded as high-priced! After conferring with POP, MOM and CURLY, I learn that it is their sincere aim to keep a consistently low price on all items; that so far they have refrained from week-end price advertising because they want this big, little store to be a six-day market; that they are setting up a pricing system whereby you will be able to make ALL your purchases here—whether on Monday or Saturday—at a price that will compare with that of the most aggressive competitor.

MANY CUSTOMERS SEEM TO THINK that about half of every dollar the grocer receives stays in his pocket. Not so! Net earnings in the most profitable stores is less than a nickel on the dollar.

ANOTHER FACT WHICH SHOULD INTEREST you comes from the U. S. Dept. of Agriculture: 70c out of every dollar you now spend for meat goes to the farmer. (In 1939 he received 51c). As you can well understand, this does not leave much for the retailer after commission agents, packers and wholesalers take their cuts. Nor are we blaming the farmer. He must make money now to offset the lean years which are certain to come. We are only pointing—

DESPITE EGGLSS THURS. DAYS, PRICES REMAIN high because production is less than last year. Production per hen is at an all-time high, so don't blame the chickens. There must be fewer hens!

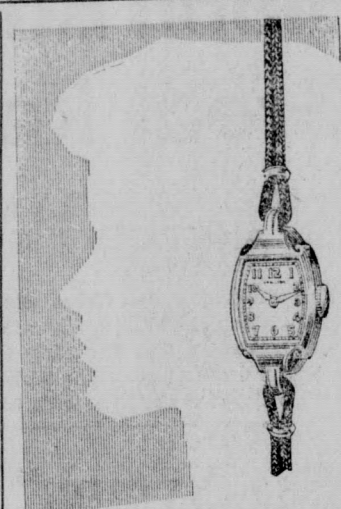

AMONG THE MORE IMPORTANT THINGS is a recipe which MOM found somewhere and has used frequently to the delight of her family and visiting Wild Cats:

MEXICAN WEDDING CAKES
1 cup shortening, 4 tsp. powdered sugar, 2 cups cake flour, 1 cup ground walnut meats and 1 tsp vanilla extract.
Cream shortening and sugar, add flour and walnuts, then vanilla. Mix and roll in ball the size of small walnut. Bake 15 minutes or more at 325 degrees. Roll in powdered sugar when cool.

There is more, much more—
But enough for now!
The Green Frog

PUBLIC INSTALLATION OF V. F. W. AUXILIARY AT WOMAN'S CLUB

The installation of the Veterans of Foreign Wars Auxiliary will be held at the Woman's Clubhouse, November 4, at 8:30 P. M. At this time the Sixth District President, Vivian Jones, will act as officer, installing Barbara Heasley as president; senior vice-president, Barbara Nuetzel; junior vice-president, Edna Burns; secretary, Ruth Jackson; treasurer, Dorothy Kennedy; chaplain, Edna Holland; conductress, Evelyn Brain; guard, Mary Johnson; Erlene Scott, Paula Lindsey, and Juliette de la Torre, trustees. The group, recently organized, has held three previous meetings at the City Hall Wednesday nights at 8:00 P. M., and those interested are welcome to attend.

NAVAL COLLEGE EXAMINATION ANNOUNCED

Navy week is an appropriate time to announce the Naval College Training Program which will enroll 2500 students throughout the nation next fall. The announcement is made by Captain Harry Need, USN, and Captain George Crissman, USN, directors of the Naval ROTC units on the Berkeley and Los Angeles campuses of the University of California.

Under the plan, students accepted receive a four-year college education with tuition, fees, textbooks, and uniforms paid for by the Navy, and \$600 per year in addition.

Applications for the program must be received by the Navy's College Entrance Examination Board in Princeton, N. J., before November 10, the ROTC directors said. Selection will be made after a nation-wide aptitude test is held December 13.

Application blanks for the aptitude test may be obtained from high schools, offices of naval officer procurement, navy recruiting stations, or from Captains Need or Crissman, Department of Naval Science, University of California, Berkeley or Los Angeles. Candidates must be between 17 and 21 years of age, eligible for admission to universities where Naval ROTC units are established, and meet the physical requirements of the Navy.

L. A. PHYSICIAN TO BUILD NEW HOME

Dr. and Mrs. Charles A. Warner moved into their new home at 181 East Alegria a month ago. Dr. Warner is a Los Angeles physician and will continue his practice there. They plan to build a larger home on the place at a later time.

POLICE BLOTTER

A hound dog large enough to pull an express train was found astray at 219 Rancho Road. Owner was grateful for information leading to recovery. He came from Altadena. (The owner and dog too.) . . . Not to be outdone by a woman who can hit two deer at one shot, Jimmie Keliher, the mail man, ran over a turtle. He explained that it might still be alive and asked for humane treatment, despite that the turtle's liver was estranged from the shell. . . . Owner of an old sedan (that had evidently been troublesome) was warned to remove it from the street. (Anybody can have it for little or moving it away.) . . . An unsightly array of cans, bottles, wire screen, hootenannies, and wee gigs along E. Montecito was more than the neighborhood could stand. A request for the removal was met with a lot of red tape. Those who place such a display of junk should at least be considerate of the folks who have to look at it. . . . Very young men get in trouble when one agrees to supply another with a squirt gun and in the process of operation gets caught taking it without the usual procedure of paying for it. Brings to mind the idea that if merchants insist on displaying toys, candies and other temptations before our youngsters, they should at least impress the children that someone is always alert to avoid theft. Why wait until a child has succeeded in taking things. Each time he does so without being observed only serves to encourage him or her to try it again. Let's think of our children as well as the business we might be doing.

"Man down," report. Mayor Steinberger riding with the night copster, was unable to locate the character who was reported in a horizontal position. . . . A petty theft at the ranger station. Some hoodlum who had no use for a rain gauge removed it from its "Moon." It's strange what behooves us to do some of the darndest things. . . . Another report of a "man down." (In Sierra Madre, that is becoming out of place.) This time the judge sentenced the fellow to a fine of \$15.00, or five days in jail. No money in the pocket meant five days in jail. . . . A well-known resident reported the loss of a beloved heirloom. Mr. McDonald of Grandview and Mt. Trail, lost an old fashioned gold watch chain somewhere along Kersting Court. He would be very glad to know that it had been found and would appreciate its return.

WORLD'S MATCH-MAKER... The fabulous Otto Krueger is dead, but the Swedish match industry is still the heart of one of the world's largest combines. In fact, two out of every three persons on the globe use its matches. This modern and efficient machine in a match factory at Lidköping, Sweden, is one of the reasons why the combine can make millions of dollars out of splinters of wood.

TATE FAMILY CHOOSE
HOME IN CALIFORNIA

Mr. and Mrs. Paul Tate and daughter, Barbara, formerly of Detroit, Michigan, have moved into their new house, 350 North Lima, and are delighted to make Sierra Madre their home.

RETURNS WITH GUEST
FROM THE EAST

Miss Ida Fuenfstueck returned Thursday to Sierra Madre after an absence of three months spent at Nausau, Wis. and Bellingham, Wash. Miss Ferbert, a nurse of Cleveland, Ohio, came Saturday to spend the winter with Mrs. Fuenfstueck at 28 N. Baldwin Avenue.

EVERY MAN HIS
OWN BUILDERS. M. Man Beats House
Famine, Builds Own

The Herald-Express in a recent issue carried a story with pictures of how one of the Herald-Express reporters built his own home in Sierra Madre to beat the high price of building.

Formerly Lieutenant (j.g.) in the U.S.N.R., Arthur Hewitt returned from the war and was not satisfied to live with his wife and son in one room of a rooming house and even threatened with eviction from that.

He tells how he bought an \$800 lot for \$1550 on Orange Grove in Sierra Madre and enlisted the services of his brother Bob, equally inexperienced in the job of building, and a brother-in-law, Phil Rice of Arcadia, an accountant, not a carpenter, and they did it.

Back-breaking labor kept a rented concrete mixer going with frequent stops to read what the books had to say about how to tell mudsills from studs and rafters, with the help of pictures. Visits to neighboring houses under construction and conversations with professionals also unraveled some knotty problems. A couple of books from the library showed how to go about the plumbing.

Ten months of week-end work got his family out of a war time housing mess and into a mortgageless place to live.

Labor costs, he says, were zero and material costs were \$1079, lumber amounting to \$489.72 and plumbing \$414.86.

Hewitt advocates building bees, suggesting that five vets could probably build five places to live in at the same time with less work, especially if one of them knew something about building.

Hewitt writes, "Take advice from the Little Red Hen who, after trying to get her barnyard pals to do the work, finally said:

"Then I shall do it myself." And she did."

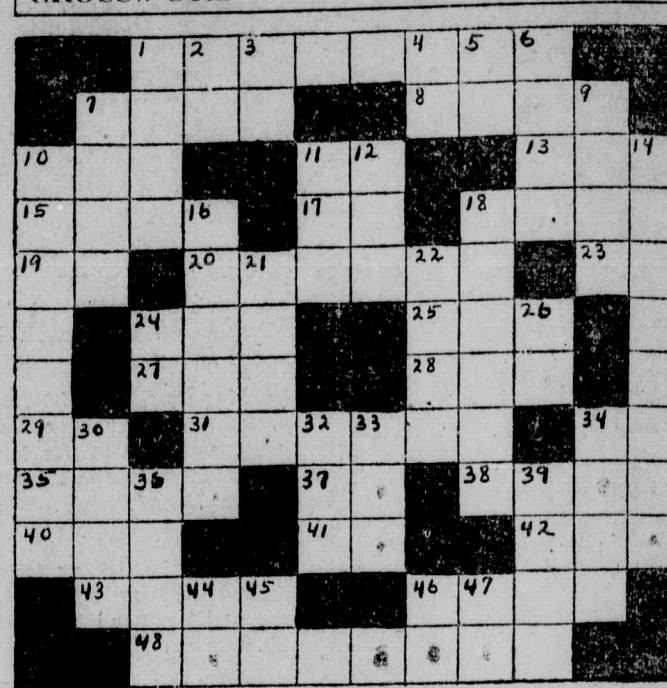

FIRST FALL TEA OF
DICKENS FELLOWSHIP

The home of Mrs. A. R. Porterfield, 215 West Carter, was the scene of the first fall meeting of the Dickens Fellowship, last week. At this time, programs for the year were given out, and the reading of "Nicholas Nickleby" was begun with Mrs. Frederic Whitney and Mrs. W. S. Hull as readers.

Mrs. N. W. Tarr and Mrs. Edna Green assisted at the tea table and guests were Mrs. Marion Galbraith, Mrs. Rebecca Hiltz, Mrs. W. L. Porterfield and Mrs. Pease.

The group meets the third Thursday of each month.

CAMPFIRE GIRLS
GIVE HALLOWE'EN
PARTY AT HUT

Campfire Girls and their guests will celebrate Halloween with a party in the Youth Hut, October 28. The girls, under the supervision of Mrs. James B. Gentry, are doing all the cooking for the occasion, and have made the decorations as well as arranging them. The festivities will begin in the afternoon and extend into the evening, with games and refreshments.

BIRTHDAY PARTY
GIVEN SUNDAY

Linda Kay Morrow, daughter of Mr. and Mrs. Theobert Morrow of Colton, celebrated her seventh birthday Sunday, with a party at the home of her grandmother, Mrs. Russell E. Tyree, 140 South Hermosa. Her small guests and their parents included, Carol Blanc, and mother Mrs. Gordon Blanc, Allison Mecke and Mrs. H. R. Mecke from Sierra Madre, and her cousin, Sharon Ann Tyree and Mr. and Mrs. Ross Tyree of Altadena, as well as several from out of town.

CLEVELAND GUESTS
ENTERTAINED AT THE
HOWARD FERRIS'

Honored guests at a family dinner party Sunday at the home of Mr. and Mrs. Howard F. Ferris, 635 East Orange Grove, were their uncle and aunt, Mr. and Mrs. Ned Ferris of Cleveland, Ohio. 14 guests from San Gabriel and Altadena as well as Sierra Madre were present to bid them farewell on their departure Monday for the East. Prior to their two week visit in Southern California they enjoyed a two day vacation in Las Vegas with Mr. and Mrs. Howard Ferris.

PARKER HOME SCENE
OF BLUE BIRD AND
CAMP FIRE MEET

The regular monthly meeting of the Camp Fire and Blue Bird leaders was held Wednesday at the home of Mrs. Hjordis Parker, who served a buffet luncheon. The business meeting was presided over by Mrs. C. Lauren Maltby, president of the local Camp Fire Girls' council.

All the leaders are planning to attend the two day intensive national training course for leaders to be held at the First Congregational Church in Pasadena on October 28th and 29th.

Observations From Life On Hawaii

(Continued from last issue)

It came time for me to return to the mainland, and struggling with nostalgia at leaving an earthly paradise whose beauties had so captured my heart, was the scarcely admitted relief that at least I should not be surrounded by unadjusted womanhood at home. People here live normal, happy, forward-looking lives.

Home is more than I had pictured it. Familiar flowers, trees, mountains have acquired added beauty since I went away. Friends are more than kind. Life is normal at last.

But only yesterday while my neighbor Ellen and I were sipping coffee in the patio, she astounded me by saying:

"Do you remember Martha? Do you remember how hard it was for her to find a place to live where she liked her neighbors? Either their radio was too loud, or their hens got in her garden, or their daughter practiced too long on the piano."

I nodded reluctantly, for I hated to gossip about a woman who I felt hadn't really had much chance to make a success of her life. But Ellen went on:

"Well, at last she has persuaded George to give up his business, to sell out everything, and go to Montana where they are going to buy a cattle ranch, stock it, and begin life again."

"No," I protested, "surely George has too much sense to try to pioneer in such a rigorous climate at his time of life, why, he's close to seventy years old."

"I think he's given up the struggle with Martha," Ellen answered as she rose to go. "He knows that she must run somewhere to try to get away from life, and I suppose he thinks it might as well be to Montana anywhere else."

After she had left I sat thinking of all the people I had met who are trying to avoid life by running away. Of course flight is a natural instinct; a deer in the Yosemite will run frantically for a little while, then turn with ears twitching to investigate the danger. But we human animals, can't we see that what we run away from runs along with us? Can't we see that it is not the geographical location which we must change, but our mental reaction to that location? Can't we realize that we carry our environment with us? Can't we know that we cannot run away from life, for we are it expressing?

—Cathryn Elliott.

ARTHUR E. CREPIN DIES MONDAY AT 78 YEARS OF AGE

Following an illness of some time Arthur Crepin passed away Monday at St. Luke's Hospital. He had been a resident of Sierra Madre since 1938. He was a pioneer Arizona merchant and mine owner and experienced phenomenal success in the vicinity of Patagonia, Ariz.

Mr. Crepin, a native son, was born at Hollister, California. His father was an early California French physician and surgeon. He was educated in the schools of San Francisco and the University of Kansas.

He is survived by his widow, Mamie Crepin, and three daughters, Mrs. Doris Suman, Mrs. Mignon Gilbert, Mrs. Jean Zook, and seven grandchildren, all residents of Sierra Madre. Also surviving is a sister, Mrs. Chester Menier of Los Angeles.

The services were private.

The flying lizards of the Mayan region have a fold of skin along the sides of the body which enables them to make gliding flights from tree to tree. These "wings" are often so gorgeously colored that the animals in flight resemble colored butterflies, but the body is usually of a sober hue and when the wings are folded, the change is so abrupt that the animal itself seems to disappear.

FIRE FLAMES

"FIRES OUT" and "FIRE PREVENTION" have been mentioned so often, that the writer fears the column's object may be destroyed. We therefore offer a few of the town's affairs. To read repetition is monotonous and if we can induce the readers of our most valuable weekly to glance over this space each week, he or she will not only be educated in how to prevent fires, but will also get what is happening along the route of a daily street patrol. People do strange things that are in violation of laws and yet appear as representative citizens. Most folks object to what their neighbors do that may jeopardize the neighborhood, but when they take a chance themselves, feel that the matter is entirely different. As a columnist, I therefore ask that those who are inclined to belittle suggestions as to safety, stop and think a few minutes before condemning everybody.

It will only take a few minutes to realize that Sierra Madre's Fire loss for the past year has been very low. This is not because your fire department has put out a lot of fires before damage was reached. To the contrary, it was because your fire department has asked the help of the residents and got first class co-operation. Your firemen would much rather allow the equipment to be used for drills only, than to have to use them to prevent a serious fire from reaching another house after one has already been burned seriously. There is absolutely no cure for the damage done to a resident after it has burned for any length of time. All the fire department can do is to get it out as soon as possible and stop the fire from spreading to other regions. Fire departments figure that they have been successful if the spread of fire has been limited to the original base. The amount of loss can be lessened by the quick response of the firemen, but still, it is the responsibility of the residents to aid in preventing fires from getting started. The many causes of fire have been presented in this column time after time. The results of this repetition have been very profitable. If we can but remember the ways of prevention of fire, we can rest assured that our fire loss will not grow. The whole truth is, "WE'VE GOTTA."

As we travel around among the residents, we meet those who are ever so affable and agree with suggestions to avoid fire. Then we run across those who insist that they have been burning rubbish and materials in the open for years and years and haven't started an unwanted fire. Yet, when they are told that the very mistake they are making caused the last fire that the firemen had to extinguish, they are inclined to give the individual (whose duty it is to tell them), a genuine raspberry. This particular phase of the fire inspection game is not daily. It's strange how people react to suggestions. We have those who must meet with the appearance of authority before they will take heed in the slightest degree. They do not figure that any local officer or representa-

ROCKET LAUNCHING MARKS NEW ERA IN NAVAL WEAPONS

Marking "the beginning of a new era in Naval weapons," the United States Navy fired a captured German V-2 rocket from the flight deck of the 45,000 ton aircraft carrier USS Midway on September 6, 1947. This was the first time in history such a bombardment rocket has been launched from ships or a moving platform. The primary purpose of the experiment, held at sea several hundred miles off the East Coast of the United States, was to ascertain if large bombardment rockets could be fired off modern aircraft carriers without modifications affecting flight operations. The rocket traveled six miles and exploded. (Official U. S. Navy Photograph)

The Student body and Teachers' Club of the Sierra Madre Grammar School are holding a paper drive at the school grounds November 5, 6, and 7. For information call the school office Custer 5-5926.

There has any knowledge of the matter at hand. They must be impressed by appearance. Thank the stars above that this condition does not apply to Sierra Madre to the extent of damage. Our folks are fire conscious. They know what causes fires and they do everything to avoid them. (It's funny, we thought that there would be plenty of room to tell you about your neighbors' follies. Come to find out that there is not enough space for that.)

If there is anything that your next door friend has done that impairs him as a good citizen, call us and we'll tell him where he should have gotten off. In the meantime, why don't we keep a good eye on the premises and do everything that we can to avoid a fire starting on our own place. If we do have the misfortune of having a fire get started, by all means don't ever be embarrassed enough to neglect to call the fire department. We would by far rather return to the station without having had reason to apply equipment than to have fought a fire. It is not only less expensive, but much, oh, ever-so-much easier. Are you asking me? There is no doubt about it, the firemen would rather keep the FIRES OUT.

Lovejoy, 74 West Grandview, member of Loyola High School Marching Band, went by chartered bus with the band, to San Diego last week end to play for the San Diego High School at Balboa Park for a night football game. When he returned the following day, David said, "We had a swell time... even marching in the mud after it rained."

"Another City"

(Heb. 11:10)

BY M. L. BAKER, LL. B.

Although I have long had an inward struggle about spiritual things (it is a struggle, ye know!) I do not propose to make an open confession of the matter. Not here. But it would be idle for me to disguise the fact of such an experience for you who have had your own experiences will easily see through my pretensions. But we can at least be dignified; impersonal. We can discuss somebody else; a third party; a stranger. For instance, the man just entering the park:

The man enters the park and seats himself. The evenings, he notes, have been growing more chill towards the approach of winter. The stars, too, are appearing earlier. Like little flowers, Night blossoms. He wonders if the singers are coming to the park to-night. Or is it already grown too cold. Behind him the city pulsates, pulsates. It seems, he imagines, to be waiting for him. Like a tomb. A tomb that opens every evening and lets him out into the park.

Now the voices that he has been expecting leave the city, approach, arrange themselves in a circle and begin their glad songs. No, he thinks. Not their tomb. Just my tomb. Aware suddenly that he has made a distinction between himself and the gospel singers which he would not consciously have admitted he begins to listen intently. He seeks assurance that it is to the musician in him alone that the songs appeal. But in spite of himself he is now drawn to a consideration of their content. The Gospel content. Is it possible that he has never considered the message before? That he has never actually given the matter any thought at all?

The singers now collect their instruments and return to the city. The man watches them go. The heavens by now are bright with starry flowers. The message... there was, after all, a message... he allows himself to lapse into reverie... Stay now, my soul, no more take flight before reality. Stay now, my heart, 'tis no more night from which thou dost flee. No more night? This darkness that I feel, this dark and lonely wonder given me?

Now then, O pen, come, probe my fears and dip, dip deeply in the well of tears!

So I dipped my pen in the heart of a flower and wrote on the blue of the sky the song of a little happy hour that came but once and so soon went by. And I dipped my pen in the song of a bird (a sad and plaintive song) and the words of my pen I wept when I heard (a sad and plaintive cry). And I dipped my pen in the smile of a child (would have writ of Love, Hope, Eternity) but my pen froze still when I beheld the child that I saw was the child that was me.

Take flight, O soul And cast thy pen A thousand fathoms In the deepest sea! But stay! Yet stay! Nor leave these earthly scenes. Stay yet awhile and learn what darkness means.

So I dipped my pen in a drop of Blood shed 'cross the distant sea and I wrote on my heart of the love of God who shed his Blood for me. And I wondered in awe that in so dark a gloom so great a Light I could see; and I wondered in awe amidst the pain, my Saviour's love for me.

The man arose but did not once return to the city. He continued for some time to watch the stars. The tomb, he thought can wait.

The largest banana processing plant west of Chicago will open its doors to the public October 25. Located at 2734 Fish Canyon road in Duarte, in one of the newest and largest commercial buildings in the entire area, the H. and M. Banana Company is bringing to the San Gabriel Valley another great new industry. The plant itself is completely renovated for the installation of the latest

types of banana processing machinery. The H. and M. Banana company has had 15 years experience in Chicago, and now brings to the Pacific Coast the most advanced methods and equipment in the processing of bananas. The firm sells direct to the vegetable market and it will no longer be necessary for the retailer of bananas to go into Los Angeles for them.

CIVIC CLUB LENDS SUPPORT TO GIRL SCOUT MARINERS

The Sierra Madre Civic Club in its support of Girl Scouting is contributing \$10 to the latest of the Scout groups, "The Marin-

ers" who are launching their ship, The Sea Nymph Friday evening at the Youth Hut. The Mariners have been invited to give the program for the Club, November 13th and will tell about their phase of scouting and outline their activities for the year.

For grown ups, too, crossing even a familiar room can be a trip through strange territory—in the dark. So light is your best companion, wherever you go.

Properly located switches keep you safe from bumps and falls. They eliminate that blind and helpless groping for the switch. Multiple control switches will keep light ahead of you, so you'll never have to enter a dark room or hallway.

You'll be interested, too, in the other advantages of multiple switches. They permit you to control lights from several points—saving steps, and saving electricity, too. Be sure your home plans include the types of switches you want, and where you want them. They will help you to enjoy more of the benefits that electricity is bringing to your home. Call your nearest Edison office for advice on adequate wiring.

NATION'S YOUNGEST RADIO PREACHER AT BETHANY SUNDAY

Herb Seal, the nation's youngest evangelist, will speak Sunday morning at the Young Peoples Rally at Bethany Church. Mr. Seal, 18 years old, was born in Plainfield, N. J. and has been preaching since he was 13. Has preached more than 1100 times and hitch-hiked 23,000 miles on speaking tours, by the time he was 17. He is publishing a book "60,000 Miracle Miles" containing many conversations between the author and some of the folks who picked him up as he hitch-hiked across the nation.

The Scoville Sisters will be heard at the Rally also, October 26 at 11:00 a. m.

BAPTIST GROUP AIM ORGANIZATION OF THE CHURCH

Rev. Floyd Piper of the First Baptist Church holding services in the Woman's Club House, is conducting a systematic canvass of the city to ascertain prospective members. If 25 new members are added to the local group the church can be organized and officers elected. The pastor plans to accomplish this by the end of November.

JANE AND SYLVIA COLBERT HOSTESSES MONDAY EVENING

Mrs. Annie Grippie Evans, 51 North Mountain Trail was the recipient of many useful as well as attractive gifts, when she was given a baby shower Monday night by Jane and Sylvia Colbert. There were many guests at the affair which was held at the Woman's Clubhouse. One of the highlights of the gift-giving, was when she received a bathinette and high chair.

By MAXINE BALLING
SAW A BEAUTIFUL WOMAN in Pasadena yesterday, riding in one of those low, snooty foreign roadsters, wearing sunglasses and one of those cute coats with a pointed hood. She looked like something out of Vogue. Of course then the mercenary old merchant in me said, (to myself) "Shucks, we have some coats just like that at the Balling Baby Shop, only they're for little girls wearing sizes 3 to 6x." They are red or green. The hood is lined with plaid, and is detachable. 19.95.

AND SPEAKING OF HOODS, we have some beautiful reversible raincoats, some with hoods. The coats are Navy, brown and dark green on the "rain side" and red or green plaid on the sunny side. The weatherman has been following me for about a month now. Usually he delivers rain starting in September, and the Balling Baby Shop starts selling lots of raincoats. You just can't depend on ANY-BODY. It'd better start raining soon, for we have an awful lot of raincoats! These are 19.95 and 22.95.

YOU KNOW THOSE SWING-BACK COATS that are new and smart? Well, we just received some for girls. They're mannish all-wool fleeces in red or green. 18.95.

A JUNIOR HI chair is not a highchair and it's not for junior highschool students. It's the manufacturer's name for those little half-pint chairs they now have in restaurants to raise little chins above plate level. Some people like to have their own, so they can use it in the car and take it over to grandma's when for dinner, which is most of the time. 2.95.

LOTS OF CUSTOMERS have been phoning about car beds. They haven't been available for quite a while because of the steel strikes. However a few just arrived. They're 8.50.

SOME TAYLOR TOT push-alongs just came in, too. 9.95. And Karry-All baskets to hook over the handle are 1.95.

If you don't have any good place to hide things between now and December 25, the BALLING BABY SHOP will lay them away for you for a small deposit. 401 1/2 South Myrtle Avenue. MONROVIA 5981.

Know Your Traffic Laws

If you are towing a trailer or vehicle so constructed or loaded that your view rearward from the driver's seat is obstructed, don't fail to equip your towing vehicle with a mirror. It must be located to give you a view of at least 200 feet to the rear.

Be sure to have your vehicle equipped with a windshield if you want to avoid a run-in with the law. Under an act passed by the 1947 Legislature, every passenger type vehicle, other than a motorcycle, must have a windshield. The requirement under the old law that motor trucks, truck tractors and fire apparatus have windshields also was continued.

8th GRADE GIRLS PLAY AT ARCADIA

The eighth grade kickball team of the Sierra Madre Grammar School who played the Arcadia Grammar School at their grounds in Arcadia, last week, were the winners with a score of 28 to 27, as reported by Susan Hitchcock and Nolie Suman.

The lineup, coached by Sam McElfresh, was as follows: Gertrude Annas, Susan Hitchcock, Nolie Suman, Jeanine Newall, Janice Heasley, Julie Conzelman, Margaret Vejar, Charlene Ower, Alice Lopez, Carol Emmerling, Verlynne Woodward, Joyce Thompson, Adelle Goldwater, Shirley Davis, Pat Randolph, Mary McDaniel, Dixie Martin and Barbara McCrum.

Monday, the seventh grade girls played a kickball game with the seventh grade Arcadia girls at the local field, with the Arcadians winning 10 to 5. Susan Suman reports that the Sierra Madre team has challenged the winners to another game, and are planning to win.

Members of the local team are: Joanne Cavellier, Janet Timmons, Susan Suman, Mary Lou Spears, Ahza Cohen, Ann Carlson, Marilyn Nollac, Nancy Morgan, Bette Cook and Ruth Gerke, coached by Mr. McElfresh.

TELLS FACULTY AND BOARD OF EUROPEAN TRIP LAST SUMMER

The Sierra Madre Teachers Club held a dinner meeting Friday, October 17 in the school cafeteria with members of the local Board of Trustees as guests.

Abby Pascoe as chairman of the social committee was in charge of the evening. Mrs. Hies with the assistance of the Home making classes cooked the ham dinner and Mrs. Olson with the assistance of the Art classes decorated the room in a Swedish motif, to be in keeping with the program following when Mrs. Wilhelmi entertained the group with colored pictures which she took in Europe last summer.

President Dorothy Moote asked Supt. Skutt to introduce the new members of the faculty to the board.

Toscanini to Present 'Otello' During Symphony Season

VERDI'S OPERA TO BE BROADCAST DEC. 6 & 13
—MAESTRO TO EMPHASIZE CLASSICS

NEW YORK — Arturo Toscanini will open the regular fall-winter season of the NBC Symphony Orchestra on Saturday, Oct. 25 3:30 - 4:30 p. m., KFI.

The program, for the past several years heard on Sunday afternoons, now is presented on Saturdays.

This will mark the start of Toscanini's tenth full season as conductor of the NBC Symphony. Toscanini will be joined by two guest conductors, Erich Kleiber and Ernest Ansermet, during the season. Toscanini's 16 concerts will run from Oct. 25 through Dec. 13, and from Feb. 14 through Apr. 3. Kleiber will be on the podium for four weeks from Dec. 20 through Jan. 10, and Ansermet also for four weeks, from Jan. 17 through Feb. 7.

11th Season

This will be the eleventh season of the NBC Symphony orchestra. Toscanini was on sabbatical leave one year, during which, however, he conducted four Treasury benefit concerts.

The orchestra, which was formed especially for his emergence from semi-retirement in Italy, has been directed by many of the world's great conductors. This will be the second engagement for Kleiber, who was guest director two years ago. It will be Ansermet's first time conducting on NBC.

Toscanini's programs will emphasize the classics, as in the past. This year he will present another opera, Verdi's "Otello." NBC will lengthen the Symphony time to an hour and a quarter for two successive broadcasts in order to fulfill Toscanini's plan of presenting the opera complete on the air. The cast and other details will be announced later in the season. The "Otello" broadcasts are scheduled for Dec. 6 and 13.

PADUA HILLS PRESENTING "FESTIVALES"

Glamorous fiesta costumes typical of nine Mexican states create an extravaganza in color for "Festivales," the Mexican Players' song and dance production, at the Padua Hills Theatre.

Each number is presented in the costume of its particular region, and the brilliantly colored dresses of the señoritas, as they pirouette in graceful dances, offer kaleidoscopic effects of the first magnitude.

With Director Charles A. Dickinson acting as narrator, more than a score of gay romantic songs and pulse-tingling dances typical of Mexican folk in holiday mood are introduced in the production.

"Festivales," with a merienda or after-theatre party in the Mexican manner, will be staged Wednesday through Saturday evenings, and Wednesday and Saturday afternoons, through November 15.

CHARACTER KNOWN TO MANY HERE PASSES AWAY SAT.

The familiar figure of "Charlie" Waggoner, the shoe-shine man, will be seen scurrying around town no more. He passed away Saturday noon at his home in Pasadena due to a tumor of the chest. Charlie came to Sierra Madre in 1941 and ran a shine stand in front of Langley's Barber Shop for six years, and moved last year across the street to Mike's Barber Shop.

Delivering telegrams during the war was one of his many jobs. During those times his approach to a home with a boy in the service meant great anxiety, although Charlie was very popular. He was always busy with odd jobs about town and as someone remarked, "the busiest fellow I ever saw." Whenever the kids passed his stand he joked with them, and they all knew and liked him.

Charlie was born 49 years ago in Jacksonville, Texas, and came to live in Pasadena in 1937. He is survived by two sisters, Mrs. Mozelle Sears and Mrs. Ludie Lewis, a nurse, of Pasadena, who cared for him during his two month illness. The funeral was held yesterday at the Wood Funeral Home in Pasadena, with Reverend W. D. Tarter, Pastor of the Friendship Baptist church officiating.

THE MAESTRO AT HOME — Arturo Toscanini, who will open the 1947-48 season of the NBC Symphony Orchestra on Saturday, Oct. 25, is shown at his Riverdale, N. Y., home with his granddaughter, Emanuela Castelbarco, and grandson Walfredo Toscanini. This is the latest picture of the famed conductor, who this year will start his tenth full season as permanent conductor of the NBC Symphony.

STUDENT MUSICALE AT MORGRIDGE HOME SUNDAY AFTERNOON

Piano students of Mrs. George B. Morgridge will be given a chance to display their virtuosity Sunday, in a recital given in her home, 19 West Orange Grove. Parents and close friends will gather to hear the Junior and Intermediate groups in the afternoon, and the Senior class in the evening.

The Junior group includes: Conway Chester, Cynthia Eaton, Marilyn Flynn, Judith Green, Kimmy Gordon, Catherine MacAulay, Elise Parker, Linda Tutill, Daryl Timmons, Mary Wride, and Marcus Woodward.

The Intermediates are: Rosana Bissell, Diane Deuschane, Michael Daugherty, Don Eltnier, Carol Jacobs, Nancy Morgan, Nancy Owen, Donald Parker, Verlyn Woodward, Lasley Scholl, Suzanne Webb, and Donna Wride.

Senior performers are: Georgiana Bissell, Joseph Kapps, Adolph Eltnier, Ann Hurry, Janice Jacobs, Sally Jones, Jean Maltby, Patricia Owen, Richard Duntley, Ann Wilcox, Jimmy Rizzor, Maryann Reynolds, and Thomas Reynolds.

TWENTY CHILDREN HEAR MRS. BLACK AT STORY HOUR

The "Story Hour" held at the Public Library last Friday afternoon, was conducted by Mrs. Marjorie Black. She read stories from the Children's Activities Magazine, and also part of "Winnie the Pooh" by A. A. Milne, "Three Little Chipmunks" and the "Golden Egg Book." There were twenty children present, age group from kindergarten to the third grade.

Race Revenue

(Continued from page 1)
ees retirement fund, poultry improvement, etc.

New bills enacted at the last Legislature and now in effect provide more racing support. From the racing revenue that otherwise would go into the General Fund, \$9,000,000 is appropriated for the next three fiscal years for fish and game conservation. The 6th District Agricultural Association will receive \$2,000,000 for the acquisition of land and construction of parking facilities at the Los Angeles Coliseum. Another \$2,000,000 is for the acquisition of land and the construction of improvements for the California State Fair.

Code sections are amended to provide that breakage in the pari mutual pools in excess of \$27,000,000 at any race meet will be paid into the State College Fund.

MANY ENGAGEMENTS SCHEDULED FOR S. M. BARITONE

George Tyree, young baritone, son of Mr. and Mrs. Russell E. Tyree, 140 South Hermosa, is a busy person with his schedule of vocal engagements. Yesterday he sang at a Pasadena City College tea. Accompanied by Harvey Hinshaw, he gave "Cavatina" from Gounod's "Faust," "Drink to Me Only With Thine Eyes," and "Love is the Wind," by Raymond Mitchell.

In a performance to be given shortly of "Girl of the Golden West," at the Shakespear Club in Pasadena, sponsored by Mrs. Earl Cromes who arranged it in tabloid form, he will sing the part of Jack Rance, the sheriff.

George will also participate in a benefit program at the Church of Religious Science in Glendale, November 2, with a gifted young pianist, Donna Spinstrom, as accompanist.

ATTEND UCLA FOOTBALL GAME AT STANFORD

Dr. and Mrs. Frank Anderson will spend the weekend at San Jose, their former home, with Mrs. Anderson's mother and sister Saturday they will attend the Stanford-UCLA frosh game at Stanford. Their son, David, is playing on the UCLA team.

Job printing properly and promptly done at the Sierra Madre NEWS.

LEGAL NOTICE

NOTICE OF PRIVATE SALE OF
REAL AND PERSONAL
PROPERTY AS A UNIT.
No. Pasadena P 7335
In the Superior Court of the
State of California, in and for
the County of Los Angeles.

In the Matter of the Estate
of Agnes C. Mercer, Deceased.

Notice is hereby given that
Dorothy Jacobson, as Adminis-
tratrix of the Estate of Agnes
C. Mercer, deceased, will sell at
private sale, to the highest
and best bidder, upon the
terms and conditions here-
after mentioned, and sub-
ject to confirmation by the
Superior Court, on November 1,
1947, at the hour of 10:00 o'clock
A. M., or thereafter, within the
time allowed by law, at the
office of Noren Eaton, 66 West
Sierra Madre Boulevard, Sierra
Madre, California, all the right,
title, interest and estate of said
Agnes C. Mercer, deceased, at
the time of her death and all
right, title and interest that said
estate has acquired by operation
of law, or otherwise, other than
or in addition to that of said
Agnes C. Mercer, deceased at
the time of her death, in and
to the real and personal prop-
erty described as follows:

Lot Eighteen (18) of the Si-
erra Madre Heights Tract, in the
City of Sierra Madre, County of
Los Angeles, State of California,
as per map recorded in Book 10,
Page 192 of Maps, in the office
of the County Recorder of said
County, except the East Fifteen
(15) feet of said Lot, commonly
known as 258 Adams Street,
Sierra Madre, California.

The personal property to be
sold is described as all house-
hold furniture and furnishings
located at 258 Adams Street,
Sierra Madre, California.

The personal property herein
described has been, during the
lifetime of said decedent, and
now is, used upon and in con-
nection with the use of the real
property above described, and
said real property and said per-
sonal property will be sold as
a unit and under one bid in ac-
cordance with the provisions of
Section 754-5 of the Probate
Code.

Bids or offers are invited for
said real and personal property
as a unit, and must be in writ-
ing and will be received at the
office of Noren Eaton, Attorney
for said Administratrix, or may
be filed with the Clerk of said
Superior Court or delivered to
the said Administratrix person-

ally at any time after first pub-
lication of this notice and before
making said sale.

The sale of the real and per-
sonal property herein described
as a unit will be made upon
the following terms: Cash, law-
ful money of the United States;
ten per cent (10%) purchase
money to be paid at time of
sale; balance on confirmation of
sale. Purchaser to assume the
payment of, and to take the
property purchased by him sub-
ject to all the state and Coun-
ty taxes and all assessments
of whatever name or nature
which are now or may become
hereafter chargeable to or a lien
against the property purchased
by him.

Dated October 15, 1947.

IN PASADENA SINCE 1922

An attack of measles wiped out one-fourth of the population of Fiji in 1875. When a community has long been immune from outbreaks, introduction of the infection is often followed by a serious epidemic.

The city of Jerusalem, 33 centuries old, has endured over 20 sieges and blockades, 18 reconstructions and two periods of

desolation, and has passed from one religion to another six times.

Death is avoided in the protozoa, the tiny one-celled animal, by the division of the individual into two. Thus scientists have argued, the organism is in effect "immortal."

All doings of church, community and society are news, call us at 3324.

SUPER TUBE WILL BALANCE YOUR CAR

The little bus was a smooth number when she rolled off the assembly line. But her saggy in the spindles with shimmies in the wrong places. SUPER TUBE, in the MERRILL Electronic Wheel Balancer, gave her a new lift—balanced her up, and now she's purring along like a new model. Don't neglect your car! Unbalances increase tire wear and shorten car life. Shimmy in real soon.
